**20. THE INSTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM/EGM AND JOINING MEETING THROUGH VC/OAVM ARE AS UNDER:**

- (i) The voting period begins on 11<sup>th</sup> June, 2022 at 10.00 a.m. and ends on 13<sup>th</sup> June, 2022 at 5.00 p.m. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date Friday, 03<sup>rd</sup> June, 2022 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to above said SEBI Circular, Login method for e-Voting and joining virtual meetings for Individual shareholders holding securities in Demat mode is given below:

Type of shareholders	Login Method
Individual Shareholders holding securities in Demat mode with CDSL	<ol style="list-style-type: none"> <li>1) Users of who have opted for CDSL's Easi / Easiest facility, can login through their existing user id and password. Profit before tax increase from ₹ 192.23 Lakhs to ₹ 460.51 Lakhs. Net Profit is ₹ 302.56 Lakhs, Reserve and Surplus stood at ₹ 7290.62 Lakhs.

### Opportunities, Threats, Risks and Concerns:

As is normal and prevalent for any business, the Company is likely to face competition from large scale imports. There can be risks inherent in meeting unforeseen situation, not uncommon in the industry. Company is fully aware of these challenges and is geared to meet them. Company also recognizes the risks associated with business and would take adequate measures to address the associated risks and concerns. Some of these factors include competition from multinational Companies, duty free imports by customers against export obligations, our pricing strategy being mainly dependent on import affairs and dependence on imported raw material.

### Internal Control Systems and their Adequacy:

Management has put in place effective Internal Control Systems to provide reasonable assurance for:

- Safeguarding Assets and their usage.
- Maintenance of Proper Accounting Records and
- Adequacy and Reliability of the information used for carrying on Business Operations.

Key elements of the Internal Control Systems are as follows:

- (i) Existence of Authority Manuals and periodical updating of the same for all Functions.
- (ii) Existence of clearly defined organizational structure and authority.
- (iii) Existence of corporate policies for Financial Reporting and Accounting.

Relations between the management & the employees at all levels remained healthy & cordial throughout the year. The Management and the employees are dedicated to achieve the corporate objectives and the targets set before the company.

**Business outlook:**

India's steel demand expected to rebound by 19.8% in 2021. Steel demand is expected to decline significantly in 2020-21 in line with a projected contraction in the global economy due to the impact of corona virus pandemic. Releasing its short-range outlook for 2021 and 2022, the WSA forecasted that demand growth for India in 2022, however, will be lower at 5.9%. In 2020, India's steel consumption was 88.5 million tonne (MT). After declining 13.7% in 2020, India's steel demand is expected to rebound by 19.8% in 2021, the highest rate among the top-10 consuming nations (Source: World Steel Association). The global steel industry is being impacted as our customers are hit by shutdowns, disrupted supply chains, collapsing confidence and delayed investment and construction projects, as well as a decline in consumption activity. The global economic growth is expected to see a contraction of over 3% in 2020. According to the association, whose members represent 85% of the global steel production, globally steel demand will grow by 5.8% in 2021 to reach 1,874 MT, after declining by 0.2% in 2020. In 2022, global steel demand will see further growth of 2.7% to reach 1,924.60 MT. China, which recorded 9.1% growth in consumption in 2020, is expected to see 3% and 1% growth respectively in 2021 and 2022.

**Cautionary Statement:**

#### Opinion

1. We have audited the accompanying financial statements of Suraj Limited ("the Company"), which comprise the Balance Sheet as at 31<sup>st</sup> March, 2022, the Statement of Profit and Loss, (including the statement of other Comprehensive Income), the Cash Flow Statement and the statement of changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (here in after referred to as "the financial statements").
2. In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ("Ind AS") specified under section 133 of the Act, of the state of affairs of the Company as at March 31, 2022 its profits (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

#### Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

#### Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and informing our opinion thereon, and we do not provide a separate opinion on these matters.
5. We have determined the matters described below to be the key audit matters to be communicated in our report.

**Information other than the financial statements and Auditor's Report thereon**

6. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Corporate Governance Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

**Responsibilities of Management and Those Charged with Governance for the Financial Statements**

7. The company's board of directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statement that give a true and fair of the financial position, financial performance including other comprehensive Income, cash flows and changes in equity of the company in accordance with accounting principles generally accepted in India, including Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies making judgments and estimates that are reasonable and prudent and the design implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records relevant to presentation of the financial statements that give true and fair view and are free from material misstatement, whether due to fraud or error.

8. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the

Company or to cease operations, or has no realistic alternative but to do so.

9. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

#### **Auditor's Responsibilities for the Audit of the Financial Statements**

10. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
11. As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
  - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for explaining our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
  - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
  - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
  - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
12. Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work, and (ii) to evaluate the effect of any identified misstatements.

13. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
14. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
15. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

16. As required by section 143(3) of the Act, we report that:
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
  - b. In our opinion proper books of accounts as required by law have been kept by the Company so far as it appears from the examination of those books;
  - c. The balance sheet, the statement of profit and loss including the statement of other Comprehensive Income, cash flow statement and statement of changes in Equity dealt with in this Report are in agreement with the books of accounts;
  - d. In our opinion, the aforesaid financial statements comply with accounting Standards specified under section 133 of the Act.
  - e. On the basis of written representations received from the directors as on 31<sup>st</sup> March, 2022 and taken on record by the Board of Directors, none of the directors is disqualified as on 31<sup>st</sup> March, 2022 from being appointed as a director in terms of sections 164(2) of the Act;
  - f. With respect to the adequacy of the internal financial controls over Financial reporting of the Company and operating effectiveness of such controls, refer to our separate Report in the "Annexure 1" to this report;
  - g. In our opinion, the managerial remuneration for the year ended 31<sup>st</sup> March, 2022 has been paid/provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;
  - h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit And Auditors) Rules, 2014 in our opinion and to the best of our knowledge and according to the explanations given to us:
    - i. The Company has disclosed the impact of pending litigations (Refer Note No.: 27) on its financial position in its financial statements;
    - ii. The Company did not have any material foreseeable losses in long term contract including derivative contracts during the year ended 31<sup>st</sup> March, 2022

- iii. There has been no delay in transferring amounts, required to be transferred to the Investor Education and Protection Fund by the Company
  - iv. (a) The management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
  - (b) The management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
  - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
  - v. The Company has not declared or paid dividend during the year covered by our audit.
17. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the central government of India in terms of sub-section (11) of section 143 of the Act & on the basis of such checks of books & records of the company as we consider appropriate and according to the information and explanation given to us, we give in the "Annexure 2" a statement on the matters specified in paragraphs 3 and 4 of the order, to the extent applicable.

## **"Annexure 1" to Independent Auditor's Report**

Referred to in paragraph 16(f) of the Independent Auditor's Report of even date to the members of Suraj Limited on the financial statements for the year ended 31<sup>st</sup> March, 2022.

### **Report on the Internal Financial Controls under Clause (I) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

1. We have audited the internal financial controls over financial reporting of Suraj Limited ("the Company") as of 31<sup>st</sup> March, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act, 2013.

#### **Auditors' Responsibility**

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial Reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards On Auditing deemed to be prescribed under section 143(10) of the Act, 2013 to the extent applicable to the audit of internal financial controls, and both issued by the ICAI. Those Standards and the Guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls over Financial Reporting with reference to these Financial Statements**

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial

statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and Directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls over Financial Reporting with reference to these Financial Statements**

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.
8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## “ANNEXURE 2” TO INDEPENDENT AUDITOR’S REPORT

### **Annexure 2 referred to in Paragraph 17 of Report on Other Legal and Regulatory Requirements of our report of even date for the year ended 31<sup>st</sup> March, 2022**

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that

1. (a) (A) The company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment;  
(B) The company has maintained proper records showing full particulars of intangible assets;
- (b) The Property, Plant and Equipment, were physically verified during the year by the Management which, in our opinion, provides for physical verification at reasonable intervals. No material discrepancies were noticed on such verification;
- (c) Based on our examination of the registered sale deed / transfer deed / conveyance deed provided to us, we report that the title deeds of Immovable properties included in property, plant and equipment are held in the name of the Company.
- (d) The Company has not revalued its Property, Plant and Equipment or intangible assets or both during the year.
- (e) No such proceedings have been initiated during the year or are pending against the company as at 31<sup>st</sup> March, 2022 for holding any Benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and Rules made there under
2. (a) The inventories were physically verified during the year by the Management at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.
- (b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at points of time during the year, from banks or financial institutions on the basis of security of current assets. In our opinion and according to the information and explanations given to us, the quarterly returns or statements comprising (stock statements, book debt statements, credit monitoring arrangement reports, statements on ageing analysis of the debtors/other receivables, and other stipulated financial information) filed by the Company with such banks or financial institutions are in agreement with the unaudited books of account of the Company of the respective quarters.
3. The Company has not made any investments in, provided any guarantee or security, and granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, and hence reporting under clause (iii) of the Order is not applicable.
4. The Company has not granted any loans, made investments or provided guarantees or securities and hence reporting under clause (iv) of the Order is not applicable.
5. The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable
6. The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013, related to the manufacture of steel tubes and pipes. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete..
7. (a) The Company is regular in depositing undisputed statutory dues including provident fund, employee’s state insurance, income tax, sales tax, goods and service tax, service tax, duty of custom, duty of excise, value added tax, cess and other statutory dues applicable to it with the appropriate authorities.
- (b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income tax, service tax, sales-tax, duty of custom, duty of excises, value added tax, cess and other statutory dues were outstanding, at the year end for a period of more than six months from date they became payable.
- (c) According to the records of the company, dues outstanding of income tax, value added tax, sales tax, excise duty and duty of custom on account of any dispute are as follows:

8. There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 during the year.
9.
  - (a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.
  - (b) The company is not declared as wilful defaulter by any bank or financial institution or government or any government authority.
  - (c) To the best of our knowledge and belief, in our opinion, there are no term loans availed by the Company, hence this clause is not applicable.
  - (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
  - (e) The Company did not have any subsidiary or associate or joint venture during the year and hence, reporting under clause (ix) (e) of the Order is not applicable.
  - (f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies.
10.
  - (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.
  - (b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.
11.
  - (a) To the best of our knowledge, no fraud by the Company and no fraud on the Company has been noticed or reported during the year.
  - (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
  - (c) As represented to us by the Management, there were no whistle blower complaints received by the company during the year and up to the date of this report
12. The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable
13. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable INDAS.
14.
  - (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
  - (b) We have considered, the internal audit reports issued to the Company during the year and covering the period up to March 31, 2022.
15. In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

16. (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable.
17. The Company has not incurred any cash losses in the Financial Year and in the immediately preceding financial year.
18. There been no resignation of the statutory auditors of the Company during the year.
19. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of the balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
20. The Company was not having net worth of rupees five hundred crore or more, or turnover of rupees one thousand crore or more or a net profit of rupees five crore or more during the immediately preceding financial year and hence, provisions of Section 135 of the Act are not applicable to the Company during the year. Accordingly, reporting under clause 3(xx) of the Order is not applicable for the year.
21. The framework of the consolidated financial statements is not applicable to the company. Accordingly, Reporting under clause 21 of the order is not applicable to the company.

**Notes to Financial Statements For the year ended on 31<sup>st</sup> March, 2022****1 Corporate Information:**

Suraj Limited("The Company") is India's leading Manufacturer of Stainless Steel Seamless Pipes, Tubes and "U" Tubes, Flanges & Fittings with Electro polishing having a plant at Thol, Mehsana. Our products find application in important industry segments like Pharmaceuticals, Dyes & Pigments, Oil, Gas, Refinery, etc. The Company is a public company domiciled in India and is incorporated under the provisions of Companies Act applicable in India. Its shares are listed on Bombay Stock Exchange (BSE). The registered office of the company is located at Usmanpura, Ahmedabad. The Company caters to both domestic and international markets.

**2 Basis of preparation of financial statement:**

The financial statements of company have been prepared in accordance with Indian Accounting Standards ("IND AS") notified under the Companies (Indian Accounting Standards) Rules, 2015. The Financial Statements have been prepared on the historical cost convention basis except for certain financial assets and liabilities which have been measured at fair value. Refer accounting policy regarding financial instruments (financial assets and financial liabilities).

The financial statements were authorized for issue in accordance with a resolution of the Board of Directors at its meeting held on 03<sup>rd</sup> May, 2022.

The financial statements are presented in Rs. and all values are rounded to nearest Lakhs (Rs. 00,000), except where otherwise indicated.

**3 Summary of significant accounting policies****3.1 Current versus non-current classification:**

The Company presents assets and liabilities in the Balance Sheet based on current / non-current classification.

An asset is treated as current when it is:

- i. Expected to be realized or intended to sold or consumed in normal operating cycle;
- ii. Held primarily for the purpose of trading;
- iii. Expected to be realized within twelve months after the reporting period; or
- iv. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

The Company classifies all other assets as non-current. A liability is treated as current when:

- i. It is expected to be settled in normal operating cycle;
- ii. It is held primarily for the purpose of trading;
- iii. It is due to be settled within twelve months after the reporting period; or
- iv. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current. Deferred tax assets and liabilities are considered as non-current assets and liabilities.

**Operating Cycle**

The operating cycle is the time between acquisition of assets for processing and their realization cash and cash equivalents. The Company has identified twelve month as its operating cycle.

**3.2 Use of Estimates:**

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the

existing circumstances. Differences between actual results and estimates are recognized in the period in which the results are known/ materialized.

The said estimates are based on the facts and events, that existed as at reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

### **3.3 Foreign Currencies:**

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ("the Functional Currency") The Financial statements are presented in Indian Rupee (INR), which is the company's functional and presentation currency.

Transactions in foreign currencies are initially recorded in by the Company at spot rates at the functional currency spot rate (i.e. INR) at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Foreign exchange gains and losses resulting from the settlement of transactions in foreign currencies and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in Statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. The gain or loss arising on translation of non- monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e. translation differences on items whose fair value gain or loss is recognized in OCI or profit or loss are also recognized in OCI or profit or loss, respectively).

### **3.4 FAIR VALUE MEASUREMENT:**

The Company measures financial instruments, such as derivatives at fair value at each Balance Sheet date.

Fair value is the price that would be received to sale an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

### 3.5 Property, plant and equipment:

Property, plant and equipment are stated at cost, net of recoverable taxes less accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price and borrowing costs if capitalization criteria are met, the cost of replacing part of the fixed assets and directly attributable cost of bringing the asset to its working condition for the intended use. Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately. This applies mainly to components for machinery. When significantly parts of Property, plant and equipment are required to be replaced at intervals, the company recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major overhauling is performed, its cost is recognized in the carrying amount of the Property, plant and equipment as a replacement if the recognition criteria are satisfied. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure related to an item of Property, plant and equipment is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing Property, plant and equipment, including day-to-day repair and maintenance expenditure and cost of parts replaced, are charged to the statement of Profit and Loss for the period during which such expenses are incurred.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if applicable. The Company calculates depreciation on items of property, plant and equipment on a straight-line basis using the rates arrived at based on the useful lives defined under Schedule II of the Companies Act, 2013.

The estimated useful lives for main categories of property, plant and equipments are:

Major Class of Assets	Estimated useful life (years)
Factory Building	30 Years
Office Premises	60 Years
Plant & Machinery	15 Years
Furniture Fixture	10 Years
Computer	3 Years
Vehicle	8 Years

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognized.

There has been no Revaluation during the financial year in any class of assets of the company.

There has been no Capital Work in Progress as on balance sheet date for the financial year and company does not hold any benami property during the year.

Company does not hold any immovable property which is not held in the name of the company.

### 3.6 Intangible assets:

Intangible assets acquired separately are measured on initial recognition at cost.

Following initial recognition, intangible assets are carried at cost, less any accumulated amortization and accumulated impairment losses, if any.

Intangible assets in the form of software are amortized on a straight-line basis six years. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognized in the Statement of Profit and Loss.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognized.

### **3.7 Impairment of non-financial assets:**

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash generating units (CGU) net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

### **3.8 Financial Assets:**

Financial assets are recognized and measured in accordance with Ind AS - 109 Financial Instruments. Accordingly, the company recognizes financial asset only when it has contractual right to receive cash or other financial assets from another Company.

#### **i. Initial recognition and measurement**

All financial assets, except investment in subsidiary are measured initially at fair value plus, transaction costs that are attributable to the acquisition of the financial asset. The transaction cost incurred for the purchase of financial assets held at fair value through profit or losses are expended in the statement of Profit and Loss immediately.

#### **ii. Subsequent measurement:**

For the purpose of Subsequent measurement financial assets are classified in three categories:

- Measured at amortized cost
- Measured at fair value through other comprehensive income (FVTOCI)
- Measured at fair value through Profit and Loss (FVTPL)

#### **Equity investments:**

All equity investments, except in subsidiary are measured at cost in scope of Ind AS 109 are measured at fair value.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss. During the reporting period there is no Equity investment by the company.

#### **I. De-recognition**

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily de-recognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

## ii. Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance
- b) Trade receivables or any contractual right to receive cash or another financial asset
- c) Financial guarantee contracts which are not measured at FVTPL.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

At each reporting date, for recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Company reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/expense in the statement of profit and loss (statement of profit and loss). this amount is reflected under the head 'other expenses' in the statement of profit and loss. The balance sheet presentation for various financial instruments is described below:

- Financial assets measured as at amortised cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.
- Debt instruments measured at FVTOCI: Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as 'accumulated impairment amount' in the OCI.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

The Company does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

The company has not granted any loans or advances during the year to promoters, directors, KMPs and the related parties either severally or jointly with any other person during the year.

### 3.9 Financial liabilities:

#### **Initial recognition and measurement:**

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through Statement of Profit and Loss, loans and borrowing, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The company's financial liabilities include trade and other payables, loans and borrowings including cash credit facilities from banks and derivative financial instruments

#### **Subsequent measurement:**

The measurement of financial liabilities depends on their classification, as described below: Financial liabilities at fair value through Statement of Profit and loss.

Financial liabilities at fair value through profit and loss include financial liabilities held for trading and financial liabilities designated upon initial recognition at fair value through Profit and loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivatives financial instruments entered into by the company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109.

Gains or losses on liabilities held for trading are recognized in the Statement of Profit and loss. Financial liabilities designated upon initial recognition at fair value through statement of profit and loss are designated as such at the initial date of recognition and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/losses attributable to changes in own credit risks are recognized in OCI. These gains/losses are not subsequently transferred to P&L. However, the company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognized in the statement of profit and loss. The company has not designated any financial liability at FVTPL.

#### **Loans and Borrowings:**

Company does not have any long term borrowings from any banks and financial institution, so measurement at amortized cost method is not applicable to the company. Company recognize all the working capital borrowings at the actual rate of borrowing. All expenditures relating to interest, charges and processing fees recorded as finance cost in statement of profit and loss. There has been no delay in reporting of charges with registrar of companies during the year.

#### **De-recognition:**

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of Profit and loss.

#### **Derivative financial instrument:**

The Company uses derivative financial instruments, such as forward currency contracts, to hedge its foreign currency risks. Such derivative financial instrument is initially recognized at fair value through consolidated statement of Profit and loss (FVTPL) on the date on which a derivative contract is entered into and is subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivative financial instrument are classified in the consolidated statement of Profit and loss and reported with foreign exchange gains/(loss) not within results from operating activities. Changes in fair value and gains/(losses) on settlement of foreign currency derivative financial instruments relating to borrowings, which have not been designed as hedge are recorded as finance cost. However, the company does not have any derivative transactions in reporting period of current year.

**Offsetting of financial instruments:**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to relate the assets and settle the liabilities simultaneously.

**3.10 Inventories:**

Finished goods and Work-in-process are stated at the lower of cost and estimated net realizable value. Cost of inventories constitutes direct materials and labor and a proportion of manufacturing overheads based on normal operating capacity.

Raw materials, components, stores and spares are valued at lower of cost and estimated net realizable value. Cost is determined on weighted average basis. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.

Traded goods are valued at lower of cost and net realizable value. In determining the cost of raw materials, packing materials, stock-in-trade, stores, spares, components and consumables, weighted average cost method is used. Cost of inventory comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventory to their present location and condition. Cost is determined on a weighted average basis.

Provision is recognized for damaged, defective or obsolete stocks where necessary. Cost of all inventories is determined using weighted average method of valuation.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

**3.11 Revenue recognition:****Revenue from contracts with customers**

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

There has been no transactions of undisclosed income not recorded in books of accounts.

Company has generally concluded that it is the principal in its revenue arrangements, because it typically controls the goods or services before transferring them to the customer.

**i) Sale of Goods**

Revenue from sale of goods is recognised at the point in time when control of the asset is transferred to the customer, generally on delivery of the goods. The normal credit term is 0 to 180 days upon delivery, usually backed by financial arrangements in some cases. The Company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. In determining the transaction price for the sale of goods, the Company considers the effects of variable consideration, the existence of significant financing components, noncash consideration, and consideration payable to the customer (if any). Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of GST, trade discounts & other taxes, adjustments for late delivery charges and material returned/rejected.

**Variable Consideration**

If the consideration in a contract includes a variable amount, the company estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognized will not occur when the associated uncertainty with the variable consideration is subsequently resolved. Some contracts for the sale of goods provide customers with a right of liquidated damages. The liquidated damages give rise to variable consideration.

- i) The Company accounts for pro forma credits, refunds of duty of customs or refunds of sales tax in the year of admission of such claims by the concerned authorities. Benefits in respect of Export Licenses are recognized on application. Export benefits are accounted for as other operating income in the year of export based on eligibility and when there is no uncertainty on receiving the same.
- ii) Interest Income is recognized on time proportion basis taking into account the amounts outstanding and the rates applicable. Interest income is included under the head "other income" in the Statement of Profit and Loss.
- iii) Revenue from windmills is recognised on unit generation basis, in accordance with the terms of power purchase agreements.

**Contract balances :****Contract assets**

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

**Trade receivables**

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in note 3.8 – initial recognition and subsequent measurement.

**Contract liabilities (Advance from customers)**

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities (advance from customers) are recognised as revenue when the Company performs under the contract.

**3.12 Taxes:**

Tax expense comprises of current income tax and deferred tax.

**Current income tax:**

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognized outside the statement of Profit and Loss is recognized outside the Statement of Profit and Loss (either in other comprehensive income or in equity). Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provision where appropriate.

**Recognition of deferred tax assets and liabilities:**

Deferred tax assets and liabilities are recognized for deductible temporary differences and unused tax losses for which there is probability of utilization against the future taxable profit. The Company uses judgment to determine the amount of deferred tax that can be recognized, based upon the likely timing and the level of future taxable profits and business developments.

**3.13 Employee benefits:****i. Defined Contribution Plan****a. Provident Fund**

Contributions in respect of Employees who are not covered by Company's Employees Provident fund trust are made to the Fund administered by the Regional Provident Fund Commissioner as per the provisions of Employees' Provident Fund and Miscellaneous Provisions Act, 1952 and are charged to Statement of profit and Loss as and when services are rendered by employees. The Company has no obligation other than the contribution payable to the Regional provident fund.

**ii. Defined Benefit plan****a. Gratuity**

Every employee who has completed five years or more of service is entitled to Gratuity as per the provisions of The Payment of Gratuity Act, 1972. Retirement Gratuity for employees is funded through a scheme of Life Insurance Corporation of India. The costs of providing benefits under this plan are determined on the basis of actuarial valuation using the projected unit credit method at each year-end. Actuarial gains/ losses are immediately recognized in retained earnings through Other Comprehensive Income in the period in which they occur. Re-measurements are not re-classified to profit or loss in subsequent periods. The excess/ shortfall in the fair value of the plan assets over the present value of the obligation calculated as per actuarial methods as at balance sheet dates is recognized as a gain/ loss in the Statement of Profit and loss. Any asset arising out of this calculation is limited to the past service cost plus the present value of available refunds and reduction in future contributions.

**b. Provident Fund**

In respect of the employees covered by the Company's Employee Provident Fund trust in Point (i) (a) above, contributions to the Company's Employee provident Fund trust (administered by the Company as per the provisions of Employees' Provident Fund and Miscellaneous Provisions Act, 1952) are made in accordance with the fund rules. The interest rate payable to the beneficiaries every year is being notified by the Government.

In the case of contribution to the Trust, the Company has an obligation to make good the shortfall, if any between the return from the investments of the Trust and the notified interest rate and recognizes such obligation, if any determined based on an actuarial valuation as at the balance sheet date, as an expense.

**iii. Long Term Compensated Absences**

The Company treats accumulated leave to the extent such leave are carried forward as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/ losses are immediately taken to the statement of profit and loss and are not deferred. The Company presents the leave as a current liability in the balance sheet to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date. Where Company has the unconditional legal and contractual right to defer the settlement for a period beyond 12 months, the same is presented as non-current liability.

**3.14 Provisions:**

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefit will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain, the expense relating to a provision is presented in the consolidated Statement of Profit and loss net of any reimbursement.

**3.15 Export Incentive:**

Export incentives under various schemes notified by government are accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same.

**3.16 Earnings per share:**

Basic Earnings Per Share is calculated by dividing the net profit/ loss for the year attributable to ordinary equity holders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit/ loss for the period attributable to ordinary equity holders and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares, if any.

**3.17 Cash and cash equivalent:**

Cash and cash equivalent in the Balance Sheet comprise cash at banks and in hand and short- term deposits with an original maturity of three months or less, which are subject to an insignificant risk of charges in value. For the purpose of the Statement of Cash Flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

**4. Significant accounting estimates and assumptions:**

The preparation of the company's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosures of contingent liabilities. Uncertainty about these assumption and estimates could result in outcomes that require a material adjustments to the carrying amount of assets or liabilities affected in future periods.

**4.1 Estimates and assumptions:**

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are describes below. The Company based its assumptions and estimates on parameters available when the Financial Statements were prepared. Existing circumstances and assumptions about future developments however may change due to market changes or circumstances arising that are beyond the control of the company. Such changes are reflected in the assumptions when they occur.

**a) Defined benefit plans (gratuity benefits):**

The cost of the defined benefits gratuity plan and the present value of the gratuity obligation are determined using actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rates, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rates for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publically available mortality tables for India. These mortality tables tend to change only at intervals in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for India.

Future details about gratuity obligations are given in Note - 29

**b) Fair value measurement for financial instruments.**

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets

where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. Refer Note - 30 for further disclosures.

### Transferred Receivable

The carrying amounts of the trade receivables include receivables which are subject to a discounting arrangement. Under this arrangement, the Company has transferred the relevant receivables to the factor in exchange for cash and is prevented from selling or pledging the receivables. However, the Company has retained late payment and credit risk. The Company therefore continues to recognise the transferred assets in their entirety in its balance sheet.

**30.2 Financial Risk Management**

The company's Board of Directors has overall responsibility for the establishment and oversight of the company's risk management framework. The company's risk management policies are established to identify and analyse the risks faced by the company, to set appropriate risk limits and controls and to monitor risks. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the company's activities.

**30.3 Credit Risk Management**

Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends and ageing of accounts receivable. Individual risk limits are set accordingly.

(a) The ageing analysis trade receivables from the date the invoice falls due is given below :

### 30.4 Liquidity Risk

Liquidity Risk is defined as the risk that the company will not be able to settle or meet its obligations on time or at reasonable price. The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the company's net liquidity position through rolling forecast on the basis of expected cash flows.

#### Maturity profile of financial liabilities

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments.

### 30.5 Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loan borrowings.

The Company manages market risk through a treasury department, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommends risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, borrowing strategies, and ensuring compliance with market risk limits and policies.

**a) Interest rate risk**

Interest rate risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to optimize the company's position with regards to the interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

With all other variables held constant, the following table demonstrates the impact of the borrowing cost on floating rate portion of loans and borrowings and excluding loans on which interest rate swaps are taken.

(₹ In Lakhs)

Nature of Borrowing	Change in basis points	As at	As at
		31-03-2022	31-03-2021
Working Capital Facilities from Bank	0.50	16.14	26.36
	(0.50)	(16.14)	(26.36)

**b) Commodity Price Risk**

Principal Raw Material for company's products is scrap and pig iron. Company sources its raw material requirements from domestic markets. Domestic market price generally remains in line with international market prices. Volatility in metal prices, currency fluctuation of rupee vis a vis other prominent currencies coupled with demand-supply scenario in the world market affect the effective price of scrap and pig iron. Company effectively manages availability of material as well as price volatility through well planned procurement and inventory strategy and also through appropriate contracts and commitments.

**c) Sensitivity Analysis**

The table below summarises the impact of increase/decrease in prices of round bar by ₹ 0.50 per kg on profit for the period.

(₹ In Lakhs)

Particulars	Impact on PAT	
	2021-22	2020-21
₹ 0.50 increase in price	28.01	24.31
₹ 0.50 decrease in price	(28.01)	(24.31)

**31. Capital management**

For the purposes of the Company's capital management, capital includes issued capital and all other equity reserves. The primary objective of the Company's Capital Management is to maximise shareholder value. The company manages its capital structure and makes adjustments in the light of changes in economic environment and the requirement of the financial covenants.

The company monitors capital using gearing ratio, which is net debt divided by total equity plus debt.

Particulars	As at 31-03-2022	As at 31-03-2021
Borrowings	3,548.25	5,581.83

32. Previous year's figures have been regrouped / re-arranged / re-casted, wherever necessary, so as to make them comparable with current year's figures.
33. In terms of Ind AS 36 – Impairment of Assets issued by ICAI, the management has reviewed its fixed assets and arrived at the conclusion that impairment loss which is difference between the carrying amount and recoverable value of assets was not material and hence no provision is required to be made.
34. The MCA has notified certain amendments to existing Ind AS via notification dated 23<sup>rd</sup> March 2022. The same shall come into force from annual reporting period beginning on or after 01<sup>st</sup> April 2022. Key synopsis are as under:
- Ind AS 16 Property, Plant and Equipment – For items produced during testing/trail phase, clarification added that revenue generated out of the same shall not be recognised in SOPL and considered as part of cost of PPE.
  - Ind AS 37 Provisions, Contingent Liabilities & Contingent Assets – Guidance on what constitutes cost of fulfilling contracts (to determine whether the contract is onerous or not) is included.
  - Ind AS 41 Agriculture– This aligns the fair value measurement in Ind AS 41 with the requirements of Ind AS 113 Fair Value Measurement to use internally consistent cash flows and discount rates and enables preparers to determine whether to use pre-tax or post-tax cash flows and discount rates for the most appropriate fair value measurement.
  - Ind AS 101 – First time Adoption of Ind AS – Measurement of Foreign Currency Translation Difference in case of subsidiary/associate/ JV's date of transition to Ind AS is subsequent to that of Parent – FCTR in the books of subsidiary/associate/JV can be measured based Consolidated Financial Statements.
  - Ind AS 103 – Business Combination – Reference to revised Conceptual Framework. For contingent liabilities / levies, clarification is added on how to apply the principles for recognition of contingent liabilities from Ind AS 37. Recognition of contingent assets is not allowed.
  - Ind AS 109 Financial Instruments – The amendment clarifies which fees an entity includes when it applies the '10 per cent' test in assessing whether to derecognise a financial liability.

### 35. Segment Reporting

The Company has only one segment of Manufacturing of Stainless Steel Seamless Pipes, Tubes and "U" Tubes, Flanges & Fittings with Electro polishing.

**36. COVID-19 Impact:**

The World Health Organisation [WHO] declared Covid-19 to be a global pandemic in March 2020. Majority of the countries across the globe were into full or partial lockdown situation, impacting business operations across various sectors with severe restrictions on movement of people and goods.

The Company has implemented several initiatives at its manufacturing and other business locations including allowing work from homes, social distancing at work places and proper sanitization of work places etc. for ensuring safety of its employees and continuity of its business operations with minimal disruption.

As per our current assessment of the situation based on internal and external information available up to the date of approval of these financial results by the Board of Directors, the Company believes that the impact of Covid-19 on its business, assets, internal financial controls, profitability and liquidity, both present and future, would be limited and there is no indication of any material impact on the carrying amounts of inventories, intangible assets, trade receivables, investments and other financial assets. The eventual outcome of the impact of the global health pandemic may be different from those estimated as on the date of approval of these financial statements and the Company will closely monitor any material changes to the economic environment and their impact on its business in the times to come.

**37. EVENTS AFTER THE REPORTING PERIOD:**

The company evaluates events and transactions that occur subsequent to the balance sheet date but prior to the approval of the financial statements to determine the necessity for recognition and/or reporting of any of these events and transactions in the financial statements. As of 03<sup>rd</sup> May, 2022, there were no subsequent events to be recognized or reported that are not already previously disclosed.
